Listen everyone, hey living being, no matter how wise, intelligent, clever you have been and you have not used this wisdom and intelligence in chanting the name of Ram which frees you from the death angel, then your wisdom and intelligence will turn into dust. When your death comes near (end time), you will be caught by the cruel death angle (Yama), then you will regret that you did not use this wisdom and intelligence in chanting the name of Ram to save you from the death angel.

The soul is roaming in three worlds as per his past karma. Similarly, the soul has spent many ages wandering in the three worlds of heaven, death and hell. Satguru Sukhramji Maharaj says, listen all men and women, only those who will worship Ramji will win from such cruel Death angel and all others will have to suffer in the mouth of death angel.
